Medicare News – June 2015

What's going to happen with the Blue Cross Blue Shield Legacy Medigap Plans?

Counselors from the Medicare/Medicaid Assistance Program continue to get questions from Medicare beneficiaries concerning the Blue Cross Blue Shield Legacy Medigap plans. BCBSM has been offering the Legacy "A" plan and the more popular "C" plan to Michigan residents for a number of years. The Legacy "C" plan pays for the deductibles and co-pay expenses not covered by Medicare Part A and Part B. The Legacy "C" plan has been attractive to beneficiaries because of the excellent benefits and the lower premium costs as a result of a subsidy that will be ending August of 2016.

In early 2013, the Michigan Legislature passed two bills that would reorganize BCBSM into a mutual insurance company. One of the bills contained language requiring BCBSM to continue with their subsidy of the Legacy Medigap plans through July of 2016. When the bills were being heard in the House Insurance Committee it was reported that there were over 200,000 Michigan Medicare beneficiaries enrolled in these Legacy products. Since then, several thousand more individuals have signed up for one of these popular plans.

So, what's in store for Legacy policy holders when August 2016 arrives? At this point there are more questions than answers. While we wait on BCBSM to announce the details of what they have planned, we do know one thing. The subsidy will be ending, so Legacy subscribers will pay more in premium costs to keep the same level of coverage. This is true whether a Medigap plan of their choice is with BCBSM or some other insurance company. The costs will vary depending on underwriting and pricing variables used by companies that offer these plans. It has been estimated that beneficiaries can expect an increase in the amount of \$50 to \$100, or more, in monthly premiums for a typical "C" Medigap plan, once the subsidy ends.

Medicare has a rule that provides a guaranteed issue right that can pertain to subscribers of Medigap plans. The right guarantees, in specific situations, that insurance companies must sell certain Medigap plans to you; they must cover your pre-existing conditions; and they can't charge you more based on past or present health problems.

BCBSM Legacy plan subscribers can be eligible for this important right based on a specific provision in Medicare rules. The provision reads, "if your Medigap policy coverage ends through no fault of your own", you are eligible for the right. It would appear that BCBSM would need to terminate their Legacy products in August of 2016 for subscribers to be eligible for this special provision. For those folks who want to continue with a Medigap plan, this right is extremely important. They would be able to purchase a Medigap policy from another company although the premium could be significantly higher.

Those who can't afford to pay the higher prices for a Medigap plan can consider a Medicare Advantage Plan or simply have only Medicare Part A and B and then be responsible for the associated deductibles and co-pays out of their pocket.

There are still a lot of questions as far as how Legacy policy holders will be impacted in August of 2016. Many of them will be answered once BCBSM announces their plans regarding the Legacy products.

Beneficiaries can obtain local help regarding this topic or any other item associated with Medicare and Medicaid insurance programs by contacting a trained and certified counselor with the Medicare/Medicaid Assistance Program (MMAP). Simply call our toll free number at 800-803-7174 and leave a message.

Commission Openings! Please note that Tribal Members living outside the Manistee Area are also encouraged to apply for the Commissions and Committees! The tribe continues to seek applications from tribal members interested in serving on any commission or committee of the tribe. Ogema Romanelli has asked for members to submit letters of interest along with why they would like to be on the various Commissions and what skills or knowledge they bring to the group. Applicants will need to submit a commission application along with your letter of interest. You will need to contact Mary Thomas (extension 6824) in the Ogema's office to get an application and will need to submit both in order to be considered.

Please send the letter and application to the attention of Executive Assistant, Mary Thomas, Office of the Ogema, 2608 Government Center Drive, Manistee, MI 49660.

“Power comes and goes. It can vanish in the twinkling of an eye, like smoke dissolving in the air.”

Archie Fire Lane Deer, LAKOTA

The East, South, West and North are the powers of the four directions. The Creator makes these powers available to do things. We pray to the Creator to give us the power to do these things. Often we are given these powers for awhile, the these powers disappear. Power is given and taken from us by the Great Spirit, the source of power. During the time we have this power, we should be responsible and use the power in a good way. Many good things can be accomplished when we realize where this power really comes from.
